Patent litigation

# About Elena Hennecke

**Elena is an associate in our patent litigation group.**

In particular, she advises multinational and domestic clients in complex and contentious patent litigation with a special focus on fields of life sciences and telecommunication. Furthermore, she advises on IP related questions within non-contentious matters, especially in the context of licensing negotiations.

Elena speaks German and English.

## Recent work

- Advising and representing an American technology company in several international patent litigation series concerning different technologies;
- Advising and representing Novartis in several patent infringement matters, including enforcing second medical use patents;
- Representation of Moderna in enforcement of COVID-19-related patents against BioNTech/Pfizer;
- Advising and representing an American technology company in litigation based on standard-essential patents.

## Qualifications

### Education

- University of Mannheim, Germany and Pompeu Fabra University, Barcelona, Spain (law studies)
- Higher Regional Court Düsseldorf, Germany (legal clerkship)

### Professional qualifications

- Attorney at law, Germany

## Memberships
