About Katharina Kubik

Katharina advises international clients on various matters of **national** and **international tax law**. Her focus is on international **M&A transactions**, the strategic advice of clients in **corporate taxation, taxation of reorganizations, and transfer pricing** and representing clients in **related dispute resolution** (including **MAPs** and **tax arbitration**).

Katharina's portfolio furthermore includes supporting clients in their adaptation to **paradigm shifts in international taxation**. This includes, inter alia, the international developments at OECD level (e.g. the challenges of a global minimum tax) but also **ESG-related tax matters**, such as statutory measures to further the energy transition or changes to consumer behaviour, as well as transparency and reporting matters.

She speaks German, English and Polish.
